

# Circuits

A ROBUST NETWORK ABLE TO ENSURE CONTINUOUS CONNECTIVITY AND GLOBAL INTERCONNECTION

CIRCUITS

- LOW-LATENCY
- LARGE CAPACITY
- RELIABLE NETWORK

## SERVICE FEATURES

- SDH, EoSDH Circuits
- Ethernet Circuits
- Spectrum-Based Services

## BENEFITS

- ✔ International Connectivity & Global Coverage
- ✔ Assured Service Delivery
- ✔ 24/7 Technical Support & Security Services

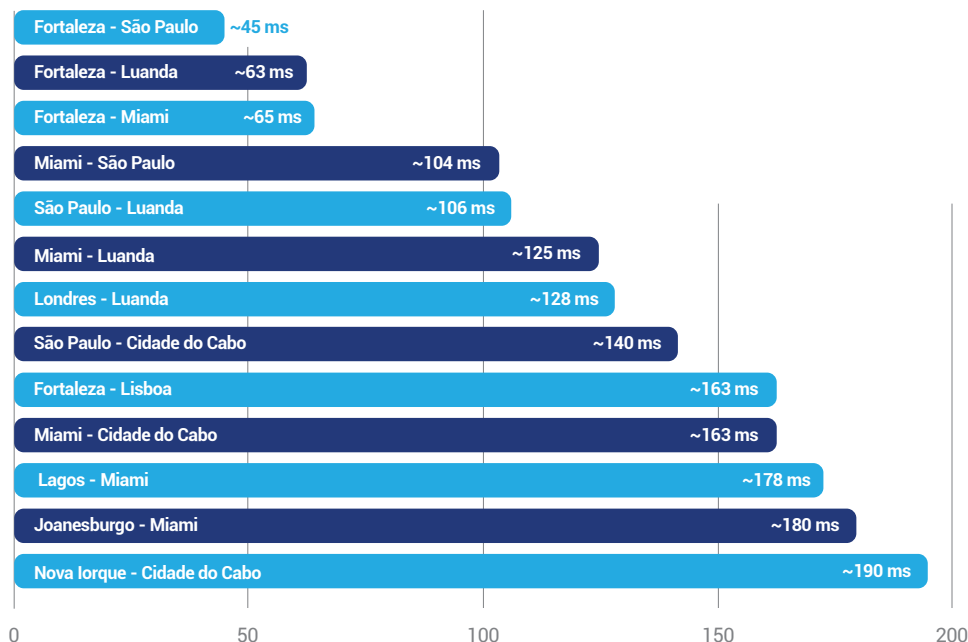

99,95%  
SERVICE AVAILABILITY

SUITABLE FOR:

ISP's, carriers, OTT's, multinational companies, gaming operators, financial institutions requiring connectivity with major telecom hubs and IP sourcing points.

International Routes (RTD)

(approximate values)

**SACS**

- 4 Fiber Pairs
- SDH, EoSDH & Ethernet Compatible
- Spectrum
- Route: Luanda (Angola) to Fortaleza (Brazil)

**WACS**

- 4 Fiber Pairs
- SDH, EoSDH & Ethernet Compatible
- Route: 11 Countries in Africa and 3 in Europe

**MONET**

- 2 Fiber Pairs
- SDH, EoSDH & Ethernet Compatible
- Spectrum
- Route: Miami (USA) to Fortaleza and Santos (Brazil)

About Angola Cables

Angola Cables is a multinational company operating in the ICT industry with tailored connectivity solutions for the wholesale and corporate segment. With a robust transport infrastructure and highly interconnected IP network, Angola Cables allows customers with greater access to the largest IXP's, Tier I operators and global content providers. Through SACS, Monet and WACS submarine cable systems the company directly connects the Americas, Africa, and Europe and has established partnerships to reach Asia. We manage the Tier III Data Center AngoNAP Fortaleza (Brazil) and the Data Center AngoNAP Luanda (Angola) as well as the PIX and Angonix, one of the largest Internet Exchange Points in Africa. Angola Cables provides digital services for multiple industries overall and has available customized cloud and gaming resources for customers.
